An efficient approach for figuring out a value is to send out a survey to your current customers. If these prospects have already bought an e-book from you, ask for his or her opinion when it comes to price. Do this by creating a sales page for the brand new guide, but do not include a worth on that page. Instead, add a number of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other technique is to check out prices by making a variety of duplicate gross sales pages with completely different costs on every page. Make sure your sales copy is strictly the identical on

each web page, and contains your selling-handle sentence. Then determine for each page the conversion ratio between guests to your website and sales of your book. It will inform you what your optimum price is.

Ultimately, for those who've written a e-book that solves a drawback or presents a brand new approach, your e book will bring in both visitors and profits.
