An efficient method for determining a value is to ship out a survey to your present customers. If these prospects have already purchased an e book from you, ask for their opinion when it comes to price. Do that by creating a sales web page for the brand new book, but do not include a value on that page. As an alternative, add various links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to check out costs by creating a variety of duplicate gross sales pages with totally different costs on each page. Be sure that your sales copy is exactly the same on each web

page, and includes your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your site and gross sales of your book. This will tell you what your optimum worth is.

Finally, when you've written a ebook that solves a drawback or presents a new approach, your ebook will herald each traffic and profits. So you'll want to write that selling-deal with sentence that sums up what problem your ebook solves and what the advantages of your 1094 e-book shall be to the purchasers who buy it.
