One is to offer one thing away at no cost along with your guide, equivalent to a beneficial bonus item. Or bundle a number of ebooks underneath one worth, which lowers the price for each ebook if they have been offered separately.

An efficient technique for figuring out a value is to send out a survey to your current customers. If these clients have already purchased an e book from you, ask for his or her opinion by way of price. Do this by creating a sales page for the new guide, but do not embody a value on that page. Instead, add plenty of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to test out prices by creating a variety of duplicate gross sales pages with different costs on every page. Make certain your gross sales copy is strictly the similar on every web page, and contains your selling-deal with sentence. Then work out for every web page the conversion ratio between guests to your website and sales of your book. It will tell you what your optimum value is.

Finally, should you've written a book that solves a downside or presents a new method, your e book will bring in each site visitors and profits.
