promotional material, and every time anyone asks you about your ebook.

An efficient technique for determining a price is to ship out a survey to your present customers. If these customers have already purchased an e book from you, ask for their opinion when it comes to price. Do that by making a gross sales web page for the brand new book, but do not include a price on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to check out prices by creating a number of duplicate sales pages with totally different costs on each page. Be sure your gross sales copy is strictly the similar on every web page, and includes your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your website and sales of your book. This can inform you what your optimum price is.

Finally, should you've written a e book that solves a drawback or presents a new approach, your e-book will bring in each site visitors and profits. So be sure to write that promoting-deal with sentence that sums up what downside your e-book solves and what the advantages of your 1169 ebook will likely be to the purchasers who buy it.
