The key that unlocks the gross sales potential of your e-book is to find a single sentence that becomes your selling handle. This sentence states what question or problem your guide answers and the benefits your e book can provide. Then make sure you use that sentence in every piece of gross

sales and promotional material, and every time anyone asks you about your ebook.

An effective approach for determining a value is to send out a survey to your present customers. If these customers have already bought an e book from you, ask for their opinion when it comes to price. Do that by making a sales page for the new e-book, but don't embody a value on that page. Instead, add a lot of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other technique is to test out costs by creating a variety of duplicate gross sales pages with different prices on each page. Make sure your sales copy is strictly the identical on every web page, and contains your promoting-handle sentence. Then determine for every web page the conversion ratio between visitors to your website and gross sales of your book. This can tell you what your optimum worth is.

Ultimately, when you've written a e-book that solves a downside or presents a brand new technique, your e-book will herald both visitors and profits.
