An effective approach for determining a price is to send out a survey to your present customers. If these customers have already purchased an e-book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales page for the new e-book, however don't embody a price on that page. As a substitute, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to test out costs by making a variety of duplicate sales pages with totally different costs on each page. Be certain your gross sales copy is precisely the identical on every

page, and contains your promoting-deal with sentence. Then determine for every web page the conversion ratio between visitors to your site and sales of your book. This may let you know what your optimum value is.

Finally, in the event you've written a ebook that solves a drawback or presents a new approach, your e-book will herald each traffic and profits. So be sure to write that selling-deal with sentence that sums up what downside your e-book solves and what the benefits of your 1528 guide can be to the shoppers who purchase it.
