If these customers have already bought an e-book from you, ask for their opinion when it comes to price. Do this by creating a sales page for the new e book, but don't include a price on that page. Instead, add quite a few links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to test out prices by making a number of duplicate sales pages with completely different costs on each page. Be sure that your sales copy is exactly the same on every web page, and includes your promoting-handle sentence. Then determine for every page the conversion ratio between visitors to your site and sales of your book. This can tell you what your optimum price is.

Finally, in case you've written a e-book that solves a problem or presents a brand new technique, your e-book will herald each traffic and profits.
