An efficient method for figuring out a price is to send out a survey to your current customers. If these customers have already bought an ebook from you, ask for their opinion in terms of price. Do this by making a sales page for the brand new e book, but do not embody a worth on that page. As a substitute, add various hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to check out costs by making a number of duplicate sales pages with totally different costs on every page. Make certain your sales copy is exactly the identical on every web page, and consists of your selling-handle sentence. Then work out for every page the conversion ratio between guests to your website and sales of your book. It will inform you what your optimum worth is.

In the end, for those who've written a e book that solves a problem or presents a new approach, your e-book will herald both site visitors and profits.
