and promotional material, and each time anyone asks you about your ebook.

Besides promoting your books assiduously on-line, there are several other methods that can make it easier to sell more books.

One is to present one thing away without cost with your e-book, corresponding to a beneficial bonus item. Or bundle several ebooks below one worth, which lowers the value for each e-book in the event that they had been sold separately.

An effective method for figuring out a value is to ship out a survey to your current customers. Another technique is to test out costs by creating a number of duplicate gross sales pages with completely different prices on each page. Ensure that your sales copy is precisely the identical on each page, and consists of your selling-deal with sentence. Then work out for each page the conversion ratio between visitors to your website and sales of your book. This can tell you what your optimum price is.

Finally, should you've written a book that solves a downside or presents a new technique, your e-book will herald both visitors and profits.
