One is to give one thing away without spending a dime along with your e-book, similar to a valuable bonus item. Or bundle several ebooks beneath one value, which lowers the price for each e-book in the event that they were bought separately.

An effective method for determining a worth is to send out a survey to your present customers. If these prospects have already bought an e book from you, ask for their opinion when it comes to price. Do this by creating a sales page for the new e book, but don't include a value on that page. As an alternative, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to check out costs by making a number of duplicate gross sales pages with different prices on every page. Ensure your gross sales copy is strictly the similar on every page,

and contains your promoting-deal with sentence. Then determine for each page the conversion ratio between visitors to your site and gross sales of your book. It will tell you what your optimum value is.

Finally, if you've written a e book that solves a drawback or presents a new approach, your e book will bring in both site visitors and profits. So be sure you write that promoting-handle sentence that sums up what drawback your e-book solves and what the benefits of your 1750 e book shall be to the shoppers who buy it.
