An efficient method for figuring out a worth is to send out a survey to your present customers. If these customers have already bought an ebook from you, ask for their opinion in terms of price. Do that by creating a gross sales page for the brand new book, however do not embrace a value on that page. As an alternative, add numerous links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to test out prices by making a number of duplicate gross sales pages with totally different prices on every page. Be certain that your gross sales copy is exactly the same on

every page, and contains your promoting-handle sentence. Then determine for each page the conversion ratio between guests to your site and gross sales of your book. This can inform you what your optimum worth is.

In the end, in case you've written a ebook that solves a drawback or presents a brand new method, your book will bring in both traffic and profits.
