An effective method for figuring out a price is to ship out a survey to your current customers. If these customers have already purchased an book from you, ask for their opinion by way of price. Do this by creating a gross sales web page for the brand new ebook, however don't embody a price on that page. As an alternative, add a number of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another technique is to check out prices by creating a number of duplicate sales pages with different costs on every page. Be sure that your sales copy is exactly the similar on each page, and includes your selling-handle sentence. Then figure out for every page the conversion ratio between guests to your site and gross sales of your book. This will inform you what your optimum price is.

Ultimately, when you've written a e book that solves a drawback or presents a new method, your e book will bring in both traffic and profits.
