An effective technique for determining a value is to send out a survey to your current customers. If these customers have already purchased an e book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales web page for the new e book, however do not include a value on that page. As an alternative, add a variety of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to test out costs by making a variety of duplicate sales pages with completely different prices on each page. Be sure that your sales copy is strictly the same on every page, and includes your selling-handle sentence. Then work out for each web page the conversion ratio between visitors to your web site and sales of your book. This may tell you what your optimum value is.

Finally, when you've written a guide that solves a drawback or presents a new method, your e-book will herald each site visitors and profits.
