Another technique is to check out prices by making a number of duplicate sales pages with completely different costs on every page. Be certain that your gross sales copy is exactly the identical on each page, and includes your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your website and gross sales of your book. This will inform you what your optimum price is.

In the end, if you've written a e book that solves a problem or presents a brand new technique, your e book will usher in both site visitors and profits.
