If these customers have already purchased an e book from you, ask for their opinion when it comes to price. Do that by making a gross sales page for the brand new e book, however do not include a price on that page. As an alternative, add various hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to test out prices by making a variety of duplicate sales pages with different costs on every page. Make sure your sales copy is exactly the similar on each web page, and includes your promoting-handle sentence. Then work out for each web page the conversion ratio between visitors to your web site and gross sales of your book. This will let you know what your optimum price is.

Finally, in case you've written a guide that solves a downside or presents a new approach, your book will usher in both site visitors and profits.
