sales and promotional materials, and each time anybody asks you about your ebook.

An effective method for determining a value is to send out a survey to your present customers. If these customers have already purchased an e-book from you, ask for his or her opinion in terms of price. Do that by making a sales web page for the brand new guide, however don't embody a worth on that page. Instead, add a lot of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out costs by making a variety of duplicate sales pages with different prices on every page. Be certain your gross sales copy is exactly the similar on each web page, and consists of your selling-deal with sentence. Then work out for every web page the conversion ratio between visitors to your website and gross sales of your book. This can inform you what your optimum worth is.

Finally, if you happen to've written a e-book that solves a problem or presents a brand new method, your guide will bring in each visitors and profits.
