An efficient technique for determining a worth is to send out a survey to your current customers. If these prospects have already purchased an ebook from you, ask for their opinion in terms of price.

Do that by creating a sales web page for the brand new book, but don't embody a price on that page. Instead, add a variety of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to test out costs by making a variety of duplicate sales pages with different prices on every page. Be certain that your sales copy is precisely the similar on each page, and consists of your promoting-handle sentence. Then figure out for each page the conversion ratio between guests to your website and sales of your book. This will tell you what your optimum price is.

Ultimately, in case you've written a ebook that solves a downside or presents a new technique, your ebook will usher in each site visitors and profits.
