An effective approach for determining a price is to send out a survey to your present customers. If these prospects have already purchased an ebook from you, ask for their opinion by way of price. Do this by making a gross sales page for the new e book, however do not embody a price on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Be certain that your sales copy is strictly the identical on every web page, and consists of your selling-handle sentence. Then figure out for every page the conversion ratio between visitors to your site and sales of your book. This can tell you what your optimum price is.

Ultimately, when you've written a guide that solves a drawback or presents a brand new approach, your guide will herald each traffic and profits.
