An effective method for figuring out a price is to send out a survey to your present customers. If these prospects have already bought an e-book from you, ask for their opinion by way of price. Do that by making a gross sales web page for the new ebook, but don't embody a value on that page. As an alternative, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to check out costs by making a variety of duplicate sales pages with totally different costs on every page. Ensure that your gross sales copy is precisely the same on each page, and includes your promoting-handle sentence. Then work out for every page the conversion ratio between guests to your site and sales of your book. This will tell you what your optimum worth is.
