An effective method for determining a value is to send out a survey to your current customers. If these prospects have already bought an e book from you, ask for his or her opinion when it comes to price. Do that by making a sales page for the new e-book, however do not embrace a price on that page. Another strategy is to test out prices by making a variety of duplicate gross sales pages with completely different prices on every page. Ensure your sales copy is strictly the same on each page,

and contains your promoting-handle sentence. Then figure out for every web page the conversion ratio between visitors to your site and sales of your book. This may tell you what your optimum value is.
