One is to provide one thing away at no cost along with your guide, comparable to a invaluable bonus item. Or bundle a number of ebooks under one price, which lowers the value for each e book if they have been bought separately.

An effective technique for determining a price is to send out a survey to your present customers. If these prospects have already bought an book from you, ask for his or her opinion when it comes to price. Do that by making a sales web page for the brand new guide, however don't embody a worth on that page. As a substitute, add a lot of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to test out costs by making a number of duplicate sales pages with different prices on each page. Be sure your gross sales copy is exactly the same on each page, and contains your selling-handle sentence. Then determine for each page the conversion ratio between guests to your web site and gross sales of your book. It will let you know what your optimum value is.

In the end, if you happen to've written a e book that solves a drawback or presents a brand new technique, your ebook will usher in both visitors and profits.
