and promotional materials, and each time anyone asks you about your ebook.

An efficient method for figuring out a price is to send out a survey to your current customers. If these prospects have already purchased an e book from you, ask for their opinion when it comes to price. Do this by creating a gross sales web page for the new guide, but don't embody a price on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to check out prices by making a variety of duplicate gross sales pages with different prices on every page. Be certain your sales copy is exactly the identical on each web page, and includes your promoting-deal with sentence. Then determine for each web page the conversion ratio between visitors to your website and gross sales of your book. This may inform you what your optimum value is.

In the end, if you happen to've written a e-book that solves a drawback or presents a brand new approach, your guide will usher in each traffic and profits.
