If these customers have already purchased an book from you, ask for his or her opinion in terms of price. Do this by creating a gross sales web page for the new e book, but do not embody a value on that page. Instead, add quite a few links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to check out prices by making a number of duplicate gross sales pages with completely different costs on each page. Be sure that your sales copy is precisely the same on every

page, and contains your promoting-deal with sentence. Then determine for every web page the conversion ratio between guests to your website and gross sales of your book. This will tell you what your optimum worth is.

Ultimately, if you've written a e book that solves a downside or presents a brand new technique, your e book will usher in both site visitors and profits.
