One other strategy is to check out prices by creating a variety of duplicate gross sales pages with completely different costs on each page. Make sure that your sales copy is strictly the similar on each web page, and contains your selling-handle sentence. Then work out for each web page the conversion ratio between visitors to your web site and sales of your book. This can let you know what your optimum value is.

Ultimately, in case you've written a guide that solves a downside or presents a new technique, your guide will bring in each site visitors and profits.
