One other strategy is to test out costs by creating a number of duplicate sales pages with completely different costs on every page. Make certain your sales copy is strictly the similar on

each page, and consists of your selling-handle sentence. Then work out for every web page the conversion ratio between visitors to your website and gross sales of your book. It will inform you what your optimum price is.

Finally, in case you've written a e-book that solves a drawback or presents a new technique, your e-book will bring in both traffic and profits.
