An efficient method for figuring out a value is to ship out a survey to your current customers. If these prospects have already bought an ebook from you, ask for their opinion by way of price. Do

that by creating a gross sales page for the brand new ebook, but don't embrace a price on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to test out costs by making a number of duplicate gross sales pages with completely different prices on each page. Make sure that your gross sales copy is exactly the same on every page, and contains your promoting-handle sentence. Then determine for each page the conversion ratio between guests to your website and gross sales of your book. It will tell you what your optimum worth is.

Ultimately, when you've written a book that solves a problem or presents a new method, your e-book will herald each site visitors and profits. So be sure you write that selling-deal with sentence that sums up what downside your e book solves and what the benefits of your 341 book will be to the purchasers who purchase it. And then watch your market come to you!
