Do this by creating a sales page for the brand new e-book, but do not embody a value on that page. As a substitute, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to check out prices by making a number of duplicate gross sales pages with completely different costs on each page. Make sure that your gross sales copy is exactly the similar

on every web page, and includes your promoting-deal with sentence. Then determine for each page the conversion ratio between guests to your web site and gross sales of your book. This can tell you what your optimum value is.

In the end, should you've written a book that solves a problem or presents a brand new method, your e book will herald both traffic and profits.
