One other strategy is to check out prices by making a number of duplicate sales pages with completely different prices on each page. Make sure that your gross sales copy is exactly the same

on each page, and consists of your promoting-deal with sentence. Then figure out for every web page the conversion ratio between guests to your web site and sales of your book. This will inform you what your optimum worth is.

Finally, in the event you've written a e book that solves a drawback or presents a new method, your e-book will herald both site visitors and profits.
