An effective approach for determining a price is to ship out a survey to your current customers. If these prospects have already purchased an e-book from you, ask for his or her opinion in terms of price. Do that by making a gross sales web page for the brand new e-book, but don't include a price on that page. As a substitute, add a variety of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other strategy is to test out costs by creating a variety of duplicate gross sales pages with different costs on every page. Be certain your sales copy is precisely the identical on every web

page, and contains your selling-deal with sentence. Then work out for every web page the conversion ratio between guests to your website and sales of your book. It will inform you what your optimum worth is.

Finally, in case you've written a book that solves a problem or presents a new method, your guide will usher in each traffic and profits.
