Another technique is to check out prices by making a number of duplicate gross sales pages with different prices on each page. Ensure that your sales copy is exactly the same on every web page, and contains your promoting-handle sentence. Then work out for each web page the conversion ratio between guests to your website and sales of your book. This may inform you what your optimum value is.

In the end, in case you've written a e book that solves a drawback or presents a brand new approach, your book will bring in each visitors and profits.
