Another strategy is to check out costs by making a variety of duplicate sales pages with different prices on every page. Be certain that your gross sales copy is exactly the identical on each page, and includes your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your website and sales of your book. This will tell you what your optimum value is.

Finally, in case you've written a guide that solves a problem or presents a brand new method, your guide will herald each visitors and profits.
