But the truth that unites ebooks and print books is that they're composed of ideas. It's the ideas in these books that have the power to vary, or probably rework, folks's lives.

What do you suppose an concept is worth when evaluated towards the cost of paper and ink?

It's the IDEAS that are priceless! That's the way you decide the price of your ebook.

What should I cost for my concepts?

There are all different formulas and strategies for figuring out the right worth on your ebook. Let's begin with honing in on your ultimate goals.

Determine if your aim is to get wide distribution and maximum exposure. This objective is geared toward drawing prospects to your business or service, or to establishing the credibility of your reputation. Some authors have even priced their ebooks at a revenue loss to draw a excessive variety of new customers. The bottom line is to discover a price that maximizes your earnings and the variety of books you sell.

This is an excellent pricing strategy if you're trying to acquire lengthy-time period customers. Long-time period prospects are extraordinarily possible to buy from you once more and again ? so long as the first e book they buy is of distinctive high quality and helpful to the customer.

However, if your book comprises worthwhile ? and more importantly NEW data, references, or methods ? then it's best to intention to price it on the high end.

After you determine your aim, you will need to determine what your viewers's need is on your ebook. For instance, does your book remedy a particular downside? If it does, and solves it in a method that hasn't been written about in one hundred different ebooks, you may be in a position to achieve

excessive sales at a high price. In case your guide solves a problem or answers questions in a new and distinctive method, you must value your book as excessive as you possibly can go. You will achieve larger income this way, however usher in fewer customers. Just be sure the query or downside that your ebook solves is one that is essential and relevant to the vast majority of your market audience. Just be prepared for your competitors to undercut you on value as quickly as they hear about your book.

Remember that the above pricing strategy is temporary. Finally, you'll stop to promote books at this excessive price. So figure out in advance how long you plan to supply your ebook at this excessive worth, and when that time is up, change your pricing strategy.

If you want to see massive profits over customer draw, aim for an audience that's looking for straightforward options to their problems at a low price. If your e-book is geared toward fixing one particular drawback fairly than general recommendation, then you may cost more. Begin at the highest price the market will bear to bring in the largest earnings, and plan to low cost the ebook a variety of occasions all through the year.

Be sure your sales copy is precisely the identical on every web page, and consists of your selling-handle sentence. Then work out for every page the conversion ratio between guests to your website and gross sales of your book. This may inform you what your optimum worth is.
