An effective approach for figuring out a value is to send out a survey to your present customers. If these clients have already bought an e book from you, ask for his or her opinion in terms of price. Do that by creating a gross sales web page for the new e book, but do not embody a value on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to test out prices by making a variety of duplicate gross sales pages with different prices on every page. Be certain your sales copy is strictly the similar on each web page, and contains your promoting-deal with sentence. Then figure out for each page the conversion ratio between visitors to your site and sales of your book. This will inform you what your optimum worth is.

Finally, in the event you've written a e-book that solves a problem or presents a brand new technique, your e-book will usher in each site visitors and profits. So remember to write that selling-deal with sentence that sums up what problem your ebook solves and what the advantages of your 812 book will likely be to the shoppers who purchase it.
