One is to present something away for free along with your e-book, similar to a invaluable bonus item. Or bundle a number of ebooks below one price, which lowers the worth for each book if they were offered separately.

An effective technique for figuring out a worth is to ship out a survey to your present customers. If these clients have already bought an e-book from you, ask for his or her opinion by way of price.

Do this by creating a sales page for the brand new guide, but don't include a value on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to test out costs by creating a variety of duplicate sales pages with different costs on each page. Make sure your sales copy is strictly the same on each page, and contains your selling-deal with sentence. Then work out for each page the conversion ratio between guests to your website and gross sales of your book. This will tell you what your optimum price is.

Ultimately, if you've written a guide that solves a drawback or presents a new technique, your book will bring in both visitors and profits. So make sure to write that promoting-deal with sentence that sums up what problem your ebook solves and what the benefits of your 88 book might be to the shoppers who purchase it. And then watch your market come to you!
