An efficient method for figuring out a worth is to ship out a survey to your current customers. If these clients have already bought an ebook from you, ask for their opinion in terms of price. Do that by creating a sales page for the brand new ebook, however don't include a value on that page. One other technique is to check out costs by creating a number of duplicate gross sales pages with completely different prices on every page. Be certain that your sales copy is exactly the similar on

each web page, and consists of your promoting-handle sentence. Then determine for every page the conversion ratio between visitors to your website and gross sales of your book. This will let you know what your optimum price is.
