One other technique is to test out costs by making a number of duplicate sales pages with completely different prices on each page. Make sure that your sales copy is strictly the similar on each web

page, and consists of your promoting-handle sentence. Then figure out for every web page the conversion ratio between guests to your web site and sales of your book. This will let you know what your optimum value is.

Ultimately, if you've written a ebook that solves a downside or presents a new approach, your e-book will bring in both site visitors and profits.
